- a. Supervisor Report
- b. Road Commissioner Report  
Ray Nugent reported they are plowing snow. There was a beaver in a couple drainage spots building a damn, hired a professional to catch the animal.
- c. Planning Commission Report
- d. Cemetery Report
- e. Community Building Report  
Gynith Borden reported the Community Building Floor is in dire need of replacement. The people who originally put it in 4 years ago met with Gynith, Carmen and Jerry. They also had the insurance company come out to do a report, unfortunately, it is not covered because there is no underlayment between the ground and the plywood, and the plywood was not pretreated/marine grade. There is no estimate as of yet, looking to possibly put in concrete. The Community Building account does not have enough funds to cover this. They are also looking into having a structural engineer look at the structure to see if there is any other damage.
