After a presentation of Will Ride, she is recommending for the Township to provide this service with a cap on the dollar amount spent. She will present this to the trustees for a vote at a future meeting.

- b. Road Commissioner Report

Ray Nugent reported the bridges are in extremely bad condition. 10% of his budget last year went to the bridges, signage and attorney fees. It is getting close to enforcing weight limits on the several of the bridges. They are working on spring cleaning the roads. He will be placing the bridge referendum on the ballot again this November. If passed, it will take over a year for the road district to start receiving the money collected.

c. Planning Commission Report

d. Cemetery Report

Alan reported he will be purchasing a mower with the transferred money from the town account. Funds left will only last a few years and there are more trees that need to be removed. He will be in need of putting a referendum on the ballot to start levying tax money once again.

e. Community Building Report

Carmen reported the windows were replaced, roof on the storage room, tuck point on front and back of the building (only what needed to be done). This year, the building will be repainted, floors will be repaired, registers will be done and the kitchen cabinets will be repainted.
